

Erasmus+

# Erasmus Mobility- Turkey Aksaray

24-27 February 2025

We were 11 students accompanied by Professor Bogoi Costel. We traveled over 48 hours. That week we participated in a bilateral exchange at the Yusuf Hakiki Baba Ortaokulu School, In Aksaray, Turkey, within the Erasmus project 2024-1-RO01-KA121-SCH-000210722. We were also joined by teachers Poască Angelica and Ionescu Aliana. The Erasmus adventure continues!

# Day One, 24 February 2025

## First interactions with teachers and students from Turkey

We were  
welcomed with  
love and we  
made great friends  
since we arrived at  
school.

**FEN BİLİMLERİ** **SESİN FARKLI ORTAMLARDA FARKLI DUYULMASI**  
**ÇALIŞMA SORULARI**

3. Aynı sesin farklı ortamlarda farklı duyulduğunu ispatlamak isteyen bir öğrenci, şekilde verilen boş bardağın içine porselen kaşık, dolu bardağın içine de metal kaşık koyup karıştırıyor. Kaşıkları bardağa vurduğunda çıkan seslerin farklı olduğunu söylüyor. Sizce bu öğrenci deneyde hedeflediği amaca ulaşmış mıdır? Nedenini açıklayınız.

We had the opportunity to participate in an extremely interesting workshop on global warming and climate change. We learned about the main causes of global warming and the impact it has on Turkey. We also discovered what concrete measures are being implemented in Turkey to prevent global warming.

We visited a recyclable waste collection and sorting center, learning about the 3 Rs: Reduce, Reuse, Recycle. We also learned about the Aksaray city motto: "Zero Waste".

**METAL**  
Metal, yeryüzi tabakasını oluşturan önemli minerallerden  
işlenerek sağlanmaktadır.  
**Metal Atığın Hikayesi**  
Doğal Kaynak Hammaddeler Sıfır

**DAHA AZ PLASTİK ATIK İÇİN 6 ÖNERİ**

- 1 Kendi alışveriş çantasını getirin.
- 2 Tekrar kullanılabilen su kabı edin.
- 3 Kendi kupanızı kullanın.
- 4 Evden çıkarken su kabınızı yanınıza alın.
- 5 Kullan-At ürünleri tercih edin.
- 6 Herkesin kullanabileceği cam kapları kullanın.

25 februarie 2025 16:26

Day three, 26 February  
2025

The wonders of  
Capadoccia

We explored the Cinnes  
Valley, with its spectacular  
landscapes and rock  
formations,

then visited the Pasabag  
Valley,

the place where the rocks  
and nature surprised us  
with unique, almost  
unimaginable shapes.

Göreme  
Open Air  
Museum

We, then continued with a visit to the Guray Ceramics Museum, where the students learned the secrets of pottery and the techniques for decorating clay objects, learning about the importance of this craft in the culture of the region.

Day four, 27 February 2025

On the last day of activity we were challenged to provide feedback on the issue of global warming. This was done through a questionnaire.

This was followed by discussions and sharing of impressions about the days spent in Turkey, accompanied by many smiles, tears and big hugs.

The certificate ceremony concluded a wonderful week, spent with extraordinary people, who left us with wonderful memories.

The Erasmus adventure continues!
